VOL. 101 NO. 45

CAMERON, MILAM COUNTY TEXAS, THURSDAY FEBRUARY 2, 1961

12 PAGES TODAY

A&M Signs Yoe Greats

Former Yoe High School grid lege. Last season both youngsters, Yoe graduates of 1958, were named two years to All-American honors on a national Junior College All-American team, following two big years at Del Mar Junior College.

Ol' With F. M. L. 101

Cameron was revisited by a native son who has accomplished much in journalism research and education in the past seven years.

We speak of Dr. James Markham, son of "Doc" Markham, former county commissioner. Dr. Markham is now a professor of journalism at Penn State University.

It is chance that Ol' 101 knew Dr. Markham prior to coming to Cameron. He taught two courses at the University of Missouri's School of Journalism while I was an undergraduate there.

Dr. Markham's doctoral thesis on a famous St. Louis newspaper editor won national acclaim from Sigma Delta Chi, a professional journalism fraternity. He later was honored when the thesis was published by Louisiana State University Press in book form.

101 - 101 - 101
He moved to a professorship at Penn State and of late has been teaching graduate students there and researching for another book, this time on the communications field.

Jim, as he prefers to be called, went to the University of Texas for bachelor's and master's degrees in journalism. He worked on the old Dallas Journal for some time before beginning his quest for a doctor's at Missouri.

Dr. Markham was in Texas on business and stopped to see his family, including Calvin Markham his brother, and Mrs. Grace Davis his sister, both of Cameron.

Just before he left, Dr. Markham visited The Herald. In a brief time, he recounted some of the developments in communication, which is his particular field.

He is another of Cameron's contributions to the leadership of this country. It would not surprise us to hear of even bigger things from him. Among his duties, he is serving as national treasurer of Kappa Tau Alpha, journalism's equivalent to the liberal arts scholastic honorary, Phi Beta Kappa.

While teaching at Mizzou, Dr. Markham had an opportunity to teach a course there in the absence of Dr. Frank Luther Mott, Missouri's Pulitzer Prize winning journalism historian.

Association Honors Cameron Druggist

E. O. Schiller, veteran Cameron pharmacist and drug store owner, has been cited for 50 years service as a pharmacist in Texas by the Texas Pharmacy Association.

He received a scroll and letter citing his 50 years of continuous service to his profession earlier this week.

County, City Note

Poll Tax Reports

Poll taxes paid at City Hall totaled 710 and 3422 at Milam Courthouse, officials reported today.

The county registration was higher than a normal off-election year total of about 3,000 while the city roster was about 100 below the off-year average of about 800.

SEE PAGE 9

1960 Successful Year For Scouts

The year 1960 was one of the busiest and most successful for the Heart O' Texas Council, Boy Scouts of America, it was reported today by W. H. Randow, Scout Executive of the council. Last year was the movement's 50th anniversary.

Randow said that the Heart O' Texas Council now serves a total of 7,637 boys in Cub Scouting, Boy Scouting and Exploring. This total represents an increase of 151 boys over the close of 1959, he added.

There are now 125 Cub Scout packs, 159 Boy Scout troops and 52 Explorer units within the Heart O' Texas Council. This now gives us a total of 337 units.

Serving these units and the local council as adult volunteer leaders are 3,654 men, making it possibly the largest body of volunteers in any one organization.

Thompson Kemp Buried In City: Jeff Kemp's Son

Burial services were held Tuesday morning at Oak Hill cemetery, Cameron, for Thompson Kemp, 59, former Cameron resident. Funeral services were conducted at Pace Funeral Home Temple.

He was a member of a prominent, pioneer Milam County family and was the son of the late Jeff T. Kemp, former county clerk and county judge.

Kemp had been a resident of Midlothian where he was employed by a rail road company and had recently moved to Dublin.

Survivors include his wife of Dublin; his mother of Cameron and Arlington, Virginia; one sister Mrs. Ruth Brown of Arlington, Virginia; and one uncle, William Rogers of Cameron and an aunt, Mrs. Ella Dobbins of Cameron.

Palbearers for the burial service were: Grady Allen, Carl C. Black, H. L. Green Sr., Don G. Humble, John B. Henderson Sr., John B. Henderson, Jr., George McGehee and R. A. Swanzy.

Grand Jury Convenes

Wednesday Morning

The February session of the Milam District Grand Jury began 10 a. m. Wednesday with the swearing in of 12 jurors.

County - District Atty. Jack Prescott was expected to present information on 17 cases before the panel.

Grand jurors are: C. R. Criswell, John C. Hirt, Frank Brandon, H. M. Yager, William J. Crenan, J. H. Pritchard, Hugh McMillan, Gus Elley, O. B. Harden, Nelson Davis, Reese Ashley, and James M. Wiggs.

Mayor To Discuss Library's Future

Mayor Coleman Duncum will meet with Cameron School Board members tonight to discuss future plans for the city library.

The Board will meet 7:30 p. m. today to consider a 12 - point agenda at Ben Milam School.

Duncum is expected to propose a plan with school co-operation to move and improve the present frame library building, now located adjacent to Cameron Field.

Bassel Wilson, president of Cameron Little League Association, will appear before the Board and consider summer Little League activities.

Other agenda items include: consideration of athletic awards and 1961 football equipment bids with Head Coach Bill Bates, a report

from the faculty textbook committee, approval of school trustee election notice for April and bids on Ben Milam doors.

And Board members will consider the purchase of an additional science mobile lab for \$84. Last month the board voted to purchase three at \$184 each.

Other items will include consideration of purchasing an air compressor for the school bus shed, ranging from 3-4 to 1½ horse power and from \$352.50 to \$594 in price.

And additional insurance claims on athletes will be considered. Further discussion on repairing the Yoe Gymnasium roof will be heard.

tion dedicated to the cause of youth.

The National Council of the Boy Scouts of America reported from its headquarters in New Brunswick, New Jersey that 1960 closed with 5,160,938 boys and adult leaders enrolled on Dec. 31. This is an all-time high in active membership. Also, the 130,368 units represent the largest total of these "service stations for youth" in its history.

YHS Juniors To Give Play, Feb. 28

"Tattletale", a three act comedy written by Coulter Marless, will serve as the Junior class's Junior Play to be presented in Yoe High's Auditorium, February 28th.

Miss Louise Green, Junior sponsor, will direct the play. She released the following list of students to be in the play.

Suzanne Lippman, Martha Mayer, Phillip Hubnik, Rebecca Harden, David Hudson, Patti Hightower, Dan Brashear, James Edwards, James Anderle, Margaret Nance, Sandra Baskin, Thomas Leonard, Betty Kestenbaum, Doris Tryd, Ernest Bayer, Jimmy Woodum, Charles Schushler, Frances Jackson, Joyce Terry, Theresa Koranek, Bobby Hillman, Lanette Laffere, LaNell Russell, Connie Gerick, David Gill, Chris Gay, Stanley Kirk, Kay Harris, Barbara Barta, Joyce Smalley and Carroll Richter.

Services Held For

Berry Williams, 51

Services for Berry H. Williams, 51, were held in San Angelo at 3:30 p. m. Thursday in Johnson's Funeral Chapel with Rev. Paul Terry and Rev. A. Gordon Roe officiating.

Burial was in Evergreen Cemetery in Rowena.

Williams, a San Angelo resident dead on arrival at a local hospital about 6:30 p. m. Tuesday following a heart attack at his home.

He was born March 13, 1909 in Milam County.

Survivors include his wife: two daughters, Mrs. Ernest Ethington of San Angelo and Mrs. James Eaton of Waco; a son, Betty R. Williams of San Angelo; his father, B. R. Williams of San Angelo; three brothers, Douglas, Paul and Johnny Williams, all of San Angelo, four sisters, Mrs. Howard Thompson of Lubbock, Mrs. Gorge Finley of San Francisco, Mrs. R. E. Eaken of Sharp and Mrs. Henry Schroeder of San Angelo and one grandson.

1960 Championship Won By Local CYO

Cameron's CYO organization added two trophies to their collection at the Austin Diocese CYO Convention in Bryan this weekend. The trophies were awarded for boys and girls volleyball championship in 1960.

Mercury Climbs; Norther Clears

Disease Free Pigs

Vet Explains Birth System

A process and plant for assuring the birth of disease-free pigs are coming to Cameron. And it will be the only operation of its kind in Texas other than a pilot project at Texas A & M.

Dr. Robert M. Titsworth, Cameron veterinarian, told Cameron Rotarians Wednesday of the system and equipment which assures pigs to be free of disease for the first 30 days of life, the most critical period.

In showing slides of the special equipment used at Texas A&M and at the University of Nebraska, Dr. Titsworth said he is planning an operation in Cameron to handle the birth and 30-day growth of 48 pigs a month.

He said the equipment and process is patented by the University of Minnesota. The Cameron operation will be the only one in Texas, besides the Texas A & M plant. Patent requirements limit the franchise to one plant per million pigs, he said. Texas annually produces two million.

The process begins with the sow about to farrow, he explained. The animal is placed in the sterilized framework of a work table where the still unborn pigs are removed by hysterectomy. Once born, they are placed in sterile compartments for 30 days. The sow is then sent on for butchering.

"With controlled feeding three times a day and no possibility of the outside environment getting to the young pigs, they are free of pneumonia and other diseases normally contacted within 30 days

of their birth," he added. Dr. Titsworth cited statistics which showed that pigs when ready for market and born in the revolutionary process would be ready for sale about 30 days sooner and weigh about 40 pounds more.

Cost of the controlled birth and 30 days special care is about \$50 per pig, he said, but this is offset by savings on through the next generations of pigs and the gains in weight on less feeding time.

Dr. Titsworth studied the process at the University of Nebraska in August and worked closely with the experimental program at Texas A & M.

After the first 30 days, the pigs are vaccinated and ready to go. He emphasized the importance of having a complete cleanup of pig raising areas about six weeks before any pigs, born under this system, could be put back on the farm. And he said these pigs should be kept apart from pigs raised after normal birth.

"The program was begun four years ago by accident," Dr. Titsworth said, at the University of Minnesota. But it has taken the Midwest by storm since so much pork is raised there."

Technical name for the disease-free hogs is SPF, he noted. And it won't be long until his Cameron SPF plant is in operation.

Fashion Show Scheduled Feb. 8

Cameron's fashion experts will follow the theme of the nation's new administration with a benefit style show "New Frontiers in Fashion" 4 p. m. Wednesday, February 8 in Methodist Fellowship Hall.

This will be the second annual style show benefiting the Milam County March of Dimes Drive. Last year's show was listed as the most popular and successful benefit staged during 1960.

New spring fashions will dominate the show with Cameron merchants displaying the best and newest of their lines for women and children. Adding interest to the show will be local models.

Decorations following a patriotic theme are being created by Mrs. Jimmy Lester. They will feature a large gold eagle and shields of red, white and blue. Miss Mildred Thornton will be commentator

Scarborough, Luecke Buy Third Interest

Don Scarborough and Frank Luecke, partners in The Cameron Herald, have purchased the one-third interest of John W. Cardwell.

The announcement came this week in a joint statement.

Luecke became a partner with Scarborough and Cardwell in July, 1957. No other changes were announced in the staff and operations of the paper.

Scarborough and Cardwell purchased The Cameron Herald in 1956.

for the showing of 1961 fashions. The Methodist Womens Society will provide refreshments for the benefit and door prizes will be awarded during the show. Tickets are available at the Chamber of Commerce office or can be purchased at the door preceding the show. Admission is \$1 for adults and 50 cents for students.

Co-chairmen for the MOD fashion show are Mrs. Niley J. Smith and Mrs. E. O. Smith Jr. Assisting them with arrangements are Mrs. Bill McIntosh, Mrs. Dana Monroe, Mrs. James Kahler and Mrs. Jimmy Lester.

Milam Farm Bureau

Plans Swine Program

The Milam County Farm Bureau's swine committee has announced an annual swine award program during early February. Entry blanks for the annual MFB program are available at the Milam Farm Bureau office in Cameron.

Two winners will be named February 15 at an annual Farm Bureau meeting.

Announcement of the program followed a meeting of the MFB committee with County Agent J. D. Moore, Asst. Agent Pat Garner and MFB President V. L. Angell.

Two pigs will be given to winners in the award program, officials said.

Swine committee members are Henry Richter, chairman; Robert Jungmann and Henry W. Abel.

Only .05 Inch Falls In City In Past Week

Weather was returning to normal at mid-week following the longest cold spell of the winter. Lowest mark registered last week was a cold 23 and the average low mark was about 25.

Only .05 of an inch of rain fell during the past seven days. Farmers were looking and hoping for continued dry weather to begin winter preparation of land. The unseasonably heavy rains of the previous few weeks have soaked the area and the water table is high.

In a year-end agriculture report, cotton officials reported that about 15,000 bales of cotton were ginned in Milam County, just about the crop expected for 1960.

Heavy rains during the summer and later picking season slowed completion of the 1960 harvest and caused some washouts in bottom land.

The weatherman predicted a break from the past record for the next few days.

Temperatures were up about 10 degrees since the last Norther passed.

Lions Official

Relates History

Of Civic Movement

Tom Kirkham, secretary of Texas Lions Clubs, Monday told the story of the founding of that national civic club movement in a talk before Cameron Lions at the Texan.

He noted that 15,300 Lions Clubs now have 622,000 members in 113 counties, making the organization the largest service club in the world.

Following Kirkham's talk, the Cameron civic club honored two charter members of the 1923 Cameron Lions Club, 36th Lions Club in Texas. They are J. C. Martin and Oxsheer Smith.

Milam Commodity Program Boosted

The Administration's first executive order to increase distribution of surplus food commodities has sent additional allotments to Milam County.

Mrs. Ruby Lamere, manager of the Cameron office of the Milam distribution program, said this week that shipments of surplus canned pork, pea beans, dried eggs and butter were on the way to Cameron.

The Milam County food commodity distribution program, begun about four years ago with 15 other Texas counties, has about 3,000 indigent and unemployed people on the rolls. About 70 Texas counties are now operating a commodity distribution program which welfare officials predict will spread to about 150 counties in 1961.

During 1960, the Milam County Commodity office distributed 28,

148 five - pound bags of corn meal, 16,362 ten - pound bags of flour and 91,000 bags of rice to Milam County persons and quantities of dry milk, lard, beans and dried whole eggs.

February 1 was the starting date for additional allotments, officials said. Secretary of Agriculture Orville Freeman ordered distribution of the surplus items following President Kennedy's inauguration January 20.

Cost of the program in many counties is about 70 cents per person, officials said here, but the county program is costing about 39 cents per person.

Number on the Milam County commodity rolls has varied from a minimum of 2,067 to a high of 2,991 during the past year, commodity office records show. Who is on the rolls? Officials

point out that elder citizens account for most of the 2,000 to 3,000 persons in the welfare food program the year round.

Figures show that 1,543 old age pensioners received welfare checks from the state and were eligible for the program. And from 100 to 263 dependent children, 46 blind and 48 permanently disabled were receiving commodities.

At present, about 1,200 unemployed workers, mostly seasonal unskilled laborers and field workers were on the commodity program. Twelve hundred carloads of surplus commodities were being distributed through welfare program in 70 counties.

County officials said the enlarged program was the swiftest move in the recent history of welfare work. Contracts for delivering the foodstuffs were let by

January 25.

In Milam County the average person on the program is receiving 22½ pounds of food per month at a value of about \$5.85, the records show.

Across the state, about 31.4 millions of pounds of surplus food, valued at \$11.6 millions were distributed.

A month - by - month 1960 total of persons on the Milam Commodity distribution program showed:

January	2,867
February	2,894
March	2,991
April	2,933
May	2,775
June	2,527
July	2,283
August	2,140
September	2,067
October	2,042
November	2,292
December	2,489

CAMERON STOCK RECEIPTS

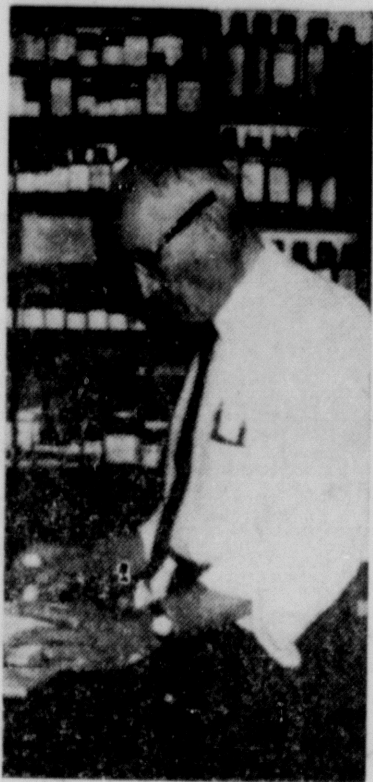

CAMERON — Thursday's receipts totaled 130 cattle and calves. Rain and cold weather made conditions almost impossible for the stockman in the area to get his livestock to this market. Of the classes offered was unable to establish a market trend, but those that sold were studied with last reported sale of January 12.

HOGS — Receipts with 170 last reported sale of January 12. Barrows and gilts made up 90 per cent of the total run. Trading was active and the demand good. Bar-

rows and gilts sold strong to 50 cents higher, while Feeders ruled steady compared with last reported sale.

U. S. No. 1-3, 200 - 250 lb. barrows and gilts sold from \$17.00 - 19.00, mostly \$18.10 - 18.00. U. S. No. 1-3, 385 - 545 lb. sows cleared from \$15.50 - 16.20. Few Medium and Good Feeder hogs weighing 100 - 120 lbs. cashed from \$13.20 - 14.75. Mixed weight and grade pigs brought \$8.50 - 11.50 per head.

By J. D. Moore
Milam County Agent

According to a Progress Report No. 2164, released by the Texas Agriculture Experiment Station, fourteen dryland and two irrigated corn performance tests were completed in 1960. Texas 28, Texas 30 and Harper 3, yellow hybrids, produced the highest yields. These hybrids showed a wide range of adaptation by ranking at or near the top in each of the individual tests.

Asgrow 15 was the highest yielding white hybrid corn. Information showing various other characteristics such as lodging, worm damage, days to silk and ears per 100 plants are listed in the progress report. This report is on file in the county agents office.

Performance of Hybrid Sorghum varieties - Increase in grain yields were obtained from sorghum and may be used as a reference. Hybrid hybrids in 18 tests conducted during 1960, in the area of Texas exclusive of the High Plains, with the 23 hybrids producing average yields of 17 to 40 per cent above that of Martin and Combine 7078, the standard varieties for this area.

Factors other than yield also are important in the selection of

hybrids. Average difference of 6 days in maturity and 12 inches in height were obtained among the hybrids and varieties. Average head smut ranged from 0 to 5.4 per cent and lodging from 0 to 3.4 per cent. These data are shown in the Texas Agricultural Experiment Station Progress Report No. 2165. This report is also on file in the county agents office.

Comparable averages of the performance of sorghum hybrids and varieties at 18 Texas locations, 1960 in order were: Asgrow Ranger, RS - 610, Watson H-59, TE56, Amak R12, Horizon 78, NK 210, Horizon 79, DeKalb C44A, Texas 660, Lindsey 788, DeKalb F 63, Texas 601, Lindsey 722, Texas 620, Rombert 22, DeKalb E56A, DeKalb F62A, Amak R10, P. A. G. 625-S, RS 608, RS 661, TE 55, Plainsman, 7078 and Martin.

Bond Sale In Milam Is \$568,489 For 1960

During 1960 residents of Milam County purchased \$56,489 in Savings Bonds. The county achieved 149.6 percent of the goal.

This announcement was made today by Henry Siebman, chairman of the Milam County Savings Bonds Committee.

The total bond purchases in Texas during 1960 were \$152,823,432. This figure equaled 92.3 per cent of the year's goal of \$165.5 million. December sales of \$13,539,528 were the highest one month's totals since last February.

Bee Research Aided By Recent Grant

COLLEGE STATION — The Texas Agricultural Experiment Station has been awarded a grant of \$17,700 for the support of basic research entitled "Nutritional Factors in Dimorphic Differentiation of the Honeybee," according to Dr. Alan T. Waterman, director, National Science Foundation. This research is being conducted under the direction of Dr. Nevin Weaver of the Department of Entomology.

Dr. Weaver explains that the egg which will eventually produce a female bee can develop into either a queen or a worker, but some constituent in the food of the grub determines which it will ultimately be. The object of this research is to isolate this constituent or constituents. Should this problem be solved, it will provide a basis for research in other fields of the biological sciences.

The answer to this problem might also have a practical value to beekeepers and breeders. It would possibly allow breeders to produce better quality queens, Dr. Weaver explains.

Dr. Weaver says that this research has been going on for several years, and some progress has been made. The National Science Foundation grant will help finance two more years of research on this problem.

4-H Club Notes

By Pat. C. Garner

Ass't. Milam County Agent

How would you like enough feed to plant an acre of hybrid corn? You can get this seed if you are a 4-H Club member, and want to conduct a demonstration and fill out a record at the completion of your demonstration.

The hybrid seed are from one of the commercial hybrid corn companies and are given to 4-H members to test different hybrids etc.

Since corn and grain sorghum planting time is almost here, now is the time to think about entering the Texas Hybrid Corn and

Grain Sorghum Contests. This is a contest that is sponsored by the Texas Certified Seed Producers and the Texas Agricultural Extension Service. Money awards are given for First through Fifth place winners in each contest.

Milam County had several winners in the 1960 contest. Winners were Joe Mueck, Joe Paul Mueck, Jane Mueck and Henry Tomasek, Jr.

February is already here and fly season can't be far away. Now is a good time to remove the horns of all animals that have not already been dehorned.

This is a sound dairy management practice that should not be overlooked. For those 4-H members who are showing dairy cattle, this practice is especially entle, this practice is especially encouraged. Dairy shows do not discriminate against dehorned cattle.

Nominations Due For Texas Rural Heroism Awards

COLLEGE STATION — Acts of bravery occur in many Texas communities each year, and while not unnoticed, the Texas Farm and Ranch Safety Council wants to express its appreciation to those responsible for making life more pleasant and enjoyable in the state, especially the rural areas.

Nominations are now due for their "Rural Heroism Awards" and should be mailed immediately to Heroism Award, Texas Safety Association, 830 Littlefield Building, Austin.

The Council will award three properly engraved plaques to as many state winners during the annual meeting of the Texas Safety Association in March. Certificates with local presentations are planned for all nominees.

Any heroic act involving personal danger or sacrifice to aid or assist others in time of crisis is eligible for entry provided the act was performed during 1960. Nominations may be made by any person or groups and should include complete information and substantiating evidence of the heroic act. This material will be used by the judges in determining the winners. Local county agents teachers of vocational agriculture and local Farm Bureau representatives can give assistance.

L. O. Tiedt of Houston, chairman of the Council's Award Committee, said last year's single award went to Manuel Corral, a Mexican bracero laborer who was lowered into an abandoned irrigation well to rescue a three year old boy.

Tiedt said such acts of bravery as removing a person from a burning building, saving a person from drowning or rescuing another involved in a machinery, tractor or automobile accident should certainly be nominated. A person who rendered exceptional service in case of a tornado, flood or other disaster would make a worthy nominee, he said.

By recognizing heroic rural service, the Council feels that the award will serve to emphasize the continuing need for improved safety conditions in rural areas — in the home on the farm or ranch or when the family is at work or play. Do your good turn by nominating a friend who made life more pleasant for you, Tiedt said.

Ten YHS Students To Attend Science Meeting In Waco

Ten Yoe High School science students will go to Waco next week for the one - day nuclear science symposium at Baylor University.

The students and a faculty member will leave early Thursday for the meeting sponsored by Texas Power & Light Company and Baylor University. The group will return Thursday night.

"It is our hope that this program will not only prove to be extremely informative to the students, but will also be an inspiration to those who may be considering science as a career," W.

W. Lynch, president of TP&L, said Two world renown nuclear scientists will arrive in Waco next week from California to be the featured speaker at the conference. They are Dr. Donald W. Krst and Dr. Park H. Miller, Jr., both with General Atomic Division of General Dynamics Corporation.

After - Noon Singles
In the After - Noon Singles League, Jody Pernice rolled a 173 for high game and a 533 for high three game series. High points with handicaps went to Gladys Tittsworth 26.20 and Francis Michna, 25.40.

LANKART COTTON

Planted by More Farmers in Texas and Oklahoma than any other variety!

There is a reason. When planted year after year it gives more satisfaction and profit. This is to be expected when one realizes that during the past fifty years the desirable qualities of vigor, high yield, drought resistance, large stormproof boll and quality standard staple have again and again been bred into this cotton by close line breeding methods.

Lankart cottons can be successfully harvested by either of four methods: hand picking, machine picking, hand snapping or by stripper machine. Many thousands of bales of Lankart cotton are stripper machine harvested in the Southwest, annually, at a saving of up to \$25.00 per bale. Cotton harvesting may be an important item to the farmer this fall. Now is the time to determine what harvest methods will be used. A prime factor will be to save cost. Many farmers gin their Lankart cotton carefully to prevent gin mixtures and save the seed for their own planting. It has pure-line breeding back of it and does not "run out" in a year or two. We fully recommend this practice to all good farmers.

We produced a good crop of planting seed the past year but our supply of saw cleaned fuzzy Lankart Selection 57 has all been sold for this season. We have a limited supply of acid delinted seed of this variety. In our early maturing Lankart Selection 611 we have a supply of both saw cleaned fuzzy and acid delinted seed at this time.

We have sold our Breeders quality seed in our Trade Marked bags to many cotton gins and seed dealers throughout the state. May we suggest you see your ginner or seed dealer, if he cannot supply you with our seed contact us. Write for circular.

We are the originators and breeders of Lankart Cottons.

MRS. JOHN DAVID THOMPSON

Jo Ann Weaver Weds John D. Thompson In Recent Wedding

In a double ring ceremony performed 10 a. m. Jan. 17 at St. Monica's Catholic Church, Miss Jo Ann Weaver became the bride of John David Thompson. The bride is the daughter of Mrs. Mary Alice Puckett of Dallas. The groom is the son of Teresa Thompson and Henderson Thompson. The Rev. John Geiser performed the ceremony before an altar decorated with white mums and greenery. Music was furnished by the church choir.

Given in marriage by Felix Matula, Jr., the bride wore a white lace and tulle dress featuring a high neckline with standup collar, long sleeves and a lace bodice and overskirt. Her fingertip veil of French illusion and white lace was caught in a crown of pearls. Her bouquet was of white carnations, stephanotis and gardenias. She carried out the traditional something old, new borrowed and blue.

Mrs. James Thompson, matron of honor, wore a blue brocaded taffeta dress with blue feather cl-

ip as a head piece, white gloves and carried a bouquet of blue carnations.

The bride's mother wore a dress of black and white jersey and taffeta with black accessories and white carnation corsage. The groom's mother wore a dress of blue jersey, black accessories and a white carnation corsage.

The bride is a 1960 graduate of Yoe High School. The groom is a 1959 graduate of Yoe High School and is employed at a local grocery store. They will make their home in Cameron.

A dinner was given after the wedding at the home of the groom's grandparents, Mr. and Mrs. Felix Matula, Sr.

PM

Lt. Col. Thomas F. Criswell, Jr. and family, formerly of Tokyo, Japan have returned to the United States and are now living in Mass. In route to their home they visited their parents, T. F. Criswell, Sr. in Cameron. Their daughter, Patsy, is a junior at Texas University. Jeanie, a younger daughter, will finish her sophomore year at Yoe High School before joining her parents in Mass.

Shower Given To Mrs. Allen Boyer

Mrs. Allen Boyer was honored Sunday with a miscellaneous bridal shower at the home of Miss Sharon Vick. Mrs. Boyer is the former Becky Foster.

Miss Marilyn Hughes presided at the brides book. The guests were entertained with a variety of games. Prizes were presented to the bride. After games were played, a large box of gifts were presented to the bride.

Refreshments of sandwiches, punch, cookies, mints and nuts were served. Miss Lanette Laffere served the punch.

The dining table was centered with a bouquet of white mums with a white umbrella and blue garland accenting the center piece.

Mrs. Robert Foster, mother of Mrs. Boyer, was a special guest of the evening.

Mrs. Zelisko Hosts Pleasure Profit Club

The Pleasure and Profit Club met last week at the home of Mrs. Elizabeth Zelisko for their regular program - business meeting.

Fruit cake with whipped cream, coffee and mints were served preceding the business meeting.

For the program Mrs. Buddy Wiese reviewed the book "Russia Revisited" by Louis Fischer. The meeting was closed with the reciting of the club collect.

Mrs. Perry Holder will host the February 9 meeting.

SS Class Meets With Mrs. Powell

The Minnie B. Henderson Sunday School class of the First Baptist Church met Jan. 19 at the home of Mrs. O. B. Powell. Eleven members and one visitor were present. Mrs. John A. Smith Sr. gave the prayers. Mrs. S. W. Harrell and Mrs. Raymond Owen gave the devotionals.

Light refreshments were served following the meeting.

LANETTE LAFFERE, YHS Junior, was elected as the FFA Sweetheart for this school term. She will represent the Cameron FFA Chapter at the district contest to be held at Lexington in April. Frances Jackson, also a YHS junior, was runner up.

Miss Butler Honored At Recent Shower

A miscellaneous come - and-go bridal shower honoring Miss Lou Butler was given January 21. Miss Butler is the bride elect of Pettie Graham. The couple will be married February 10.

Mrs. James Wade and Mrs. Don Frasier were hostess for the shower held at Mrs. Wade's home.

Red and white, Miss Butler's chosen colors, was carried out in the centerpiece on the dining table of red carnations. A silver punch bowl and coffee service were placed on a table covered with a red net cloth over white.

A floating flower arrangement of red camellias in a milk glass bowl centered the coffee table. A wedding bell decoration and milk glass candle holders with red candles completed the decorations.

In the receiving line were Miss Butler, Mrs. Johnny Graham, mother of the groom and Mrs. James Wade.

Serving in the houseparty were Miss Ann Swift, Ann Graham, and Mrs. Don Frasier. Miss Becky Graham registered the guests.

MRS. PAUL CAVEN FREEMAN

Carole Richards Weds Paul Caven Freeman

Miss Carole Linda Richards of Austin, daughter of Mr. and Mrs. Roy Lee Richards, became the bride of Paul Caven Freeman of Austin, son of Mr. and Mrs. Tyson Freeman of Maysfield, Sunday January 29 at 3 p. m. at the First Baptist Church in Hearne. The Rev. Cliff Herrington closed the vows.

White stock and mums enlivened the altar before which the vows were exchanged with candelabras holding white tapers.

The bride, escorted by her father, wore a full length tulle gown of candlelight tissue taffeta. Paillettes of French hand clipped lace embroidered in sequins and seed pearls adorned the bodice and bouffant skirt. Her fingertip veil of French illusion cascaded from a crown of orange blossoms. The bride carried a bouquet of white carnations centered with a white orchid.

Mrs. Roger A. Crowder of Austin served her sister as matron of honor with Mrs. Cecil B. Shelton of Dallas, sister of the groom; and Miss Alice Richards of Hearne sister of the bride, as bridesmaids. They wore gowns of sapphire blue peau de soie designed with a molded bodice, three quarter length sleeves and a bouffant skirt. Their short veils of matching blue net were sprinkled with tiny pearls and they carried nosegays of white carnations.

Dan Langfield of Austin served as bestman with groomsmen Jeff Burkes and Franklin Moore of Cameron. Billy Don Weaver of

Hearne, Grover McCullin and Emory Camp of Cameron, Lynn Weeks of Mexia and Belton Hill of Brownwood were the ushers. Phillip McCall of Cameron sang "The Lord's Prayer", accompanied by Miss Kay Camp of Cameron on the organ. Roger A. Crowder, Jr., served as ringbearer in the double ring ceremony and Phyllis McCall of Cameron carried a single long-stemmed carnation to the altar.

Following the ceremony was a reception in the Church parlor. The brides table was laid with a candlelight lace cloth centered with the bridesmaids bouquets flanked on one end with the four-tiered wedding cake crested with a miniature bride and groom beneath an arch of orange blossoms.

The newlyweds plan to make their home at 2314C Enfield Road in Austin after a short wedding trip for which the bride chose a beige silk chanting suit with matching accessories and a white orchid corsage.

The bride is a service representative of the Southwestern Bell while the groom is a senior journalism student at the University of Texas.

The Bride's mother wore a wheat beige brocade sheath with wild rice accessories. The groom's mother wore a navy blue silk suit with matching accessories.

Personals

Mr. and Mrs. Ted Kuehl returned Saturday from Boston, Massachusetts where they were guests of their daughter and family, Joe Hamels.

Miss Barbara Gurecky of Texas University spent the weekend with her parents, Mr. and Mrs. A. K. Gurecky.

Mr. and Mrs. Donald Shuffield of Houston spent the weekend visiting her parents Mr. and Mrs. Furmon Shuffield.

Mrs. Leroy Martin and children of Houston is spending the week visiting her parents, Mr. and Mrs. Tubby Price.

Mr. and Mrs. George Thurman of San Antonio are the proud parents of a baby boy born Jan. 25. He is welcomed by a little sister, Laura Ann. Grandparents are Mr. and Mrs. F. J. Matocha of Cameron.

Mr. and Mrs. Billie Floyd Dodson of Temple visited his parents Mr. and Mrs. F. B. Dodson and her parents Mr. and Mrs. Eric Malone over the weekend.

Mr. and Mrs. Billy Eubank and children of Odessa Mr. and Mrs. Walter Marlott and baby of Corpus Christi, Mr. and Mrs. R. A. Fahey and baby of Closter New Jersey all spent the weekend visiting their parents, Mr. and Mrs. L. T. Warren.

Mr. and Mrs. Riley Cowan of Corpus Christi visited her sister, Mrs. L. T. Warren over the weekend.

Mrs. Harrell Gives History Club Study

Mrs. S. M. Harrell presented an informative and amusing program "Women On The March" showing women changing status for the History Club last week.

Mrs. S. A. Cottle was hostess for the meeting in her home. Guests were Mrs. Albert Collins and Mrs. T. F. Criswell.

Following the meeting a salad plate and tea were served. Mrs. John Martin and Mrs. Albert Collins assisted at the tea table which was centered with spring flowers.

INTRODUCING

Cheryl Hamel, daughter of Mr. and Mrs. Joe Hamel, born January 10 in Boston Massachusetts. Maternal grandparents are Mr. and Mrs. Ted Kuehl of Cameron. The Hamels have one other child, Annette, 20 months.

MR. and MRS. SAMMY SKRHAK

Jedlicka, Skrhak Repeat Wedding Vows Jan. 21

In a double ring ceremony performed January 21 at 9:30 a. m. at St. Monica's Catholic Church in Cameron, Miss Emily Theresa Jedlicka became the bride of Sammy Steve Skrhak. The bride is the daughter of Mr. and Mrs. John A. Jedlicka of Rt. 1, Cameron and the bridegroom is the son of Steve Skrhak of Buckholts.

Father Alfred Kallus performed the double ring ceremony and nuptial mass. Mrs. Frank Hanel was organist and the church choir furnished wedding music. Baskets of white mums and greenery decorated the church.

Given in marriage by her father, the bride wore a floor length wedding gown of chantilly lace. The bodice was of chantilly lace over white satin. The scalloped neckline was studded with tiny seed pearls which came to a V in the back. The full skirt was formed of tier on tier of chantilly lace and tulle ruffles. The full length sleeves of lace came to a point over the hand and were closed with tiny white satin buttons.

Her fingertip veil of illusion outlined with lace fell from a lace queens crown encrusted with sequins. She carried a bouquet of carnations and lily of the valley which were tied with white satin streamers. The bride also carried

ied out the traditional "something old, new, borrowed and blue and a penny in her shoe."

Miss Betsy Roschetzky of Cameron served as maid of honor. She wore a dress of pink taffeta and carried a bouquet of pink carnations. Bridesmaids were Misses Linda Houston of Corpus Christi and Joyce Ruzicka of Temple, cousin of the groom. They were dressed in dresses of blue taffeta identical to that of the maid of honor and carried pink carnations.

Serving as best man was Paul Jedlicka, brother of the bride. Groomsmen were Johnny Jedlicka, brother of the bride and Johnny Skrhak, brother of the groom.

Ushers were Milton Hubnik and Billy Gelner, cousins of the bride. A reception was held immediately following the ceremony at Simon George Memorial Hall. Mary Ann Hubnik, cousin of the bride presided at the brides book. Mrs. Frank Jedlicka served the three tiered wedding cake.

The bride's mother wore a blue dress and a white carnation corsage.

The bride is a 1960 graduate of Yoe High School. The groom is a 1959 graduate of Buckholts High School and is presently in the U. S. Navy. The couple will live in Long Beach, Calif.

Confidence Resounds At Inaugural

President Kennedy's inaugural speech stirred the minds of people the world over last week.

His recognition of the people's mandate for moderation has been expressed in his cabinet appointments. And within the framework of his inaugural address he aroused hope for the future of this country and faith in the young generation which seems to have stormed the ramparts of Washington.

The President's confidence in himself was a matter of concern during the 1960 presidential campaign. But it is becoming apparent his is not just the confidence of vigorous youth, but rather a dedication that overwhelms belief.

Most assuredly, action rather than inaction will be the keynote of the Kennedy Administration. And if the vote for moderation holds in the Congressional elections in 1962, the President might well carry this country united into an international position unconcerned with the technical prowess of Soviet Russia. His stated mission of attacking poverty and tyranny in South America, Southeast Asia and Africa could solidify the powerful elements of U. S. industry, labor and agriculture for the broadest expansion of American enterprise in this century.

Let us hope that President Kennedy's leadership is as encompassing as his rhetoric and as confident three years hence as it is today.

Waterway Studies Make News

Water, a determining factor of successful development in Milam County and Central Texas, makes news again.

The Brazos River Authority is urging a study of salt content of the water from the various sources in northwest Texas.

And dams are still under consideration either at Laneport, just west of San Gabriel, or above Georgetown, or at both sites. Engineers are still accumulating data on terrain, water flow and best locations to contain the water.

These items concern Milam County since the Brazos River borders on the east and the Laneport project is just to our west on the San Gabriel River.

With improved control of Central Texas waterflow, which seems to converge in this area (Little River, Brazos River, San Gabriel and numerous streams), Milam County can become a year-round center for further industrial, agriculture and even tourist development.

With the construction of dams comes lakes. Lakes mean boating, fishing, swimming and summer recreation. Lakes mean reservoirs for water suitable for industry. Lakes mean control of water runoff, like tanks on farms throughout the coun-

ty. With the Brazos River flowing by Milam's eastern border, potential development is foreseeable, for both the Robertson and Milam County sides. That is why content of the water is important to this county as it is to dozens of other Texas Counties.

This area's greatest asset, besides its people and central geographic location, is its waterways. And the BRA and federal agencies are at work to harness this water for the use and not abuse of our people and their property.

Location of a lake in the Cameron vicinity, perhaps like Alcoa Lake near Rockdale, would expand North Milam's interests to a whole new spectrum of activity... from controlling stream runoff to attracting tourists on to providing sources for irrigation or industrial uses. It could not serve all these purposes, but would augment the already abundant stream action and broaden the base of Milam County development.

Yes, water is an important commodity to this area. It is a key to the boundless horizon of possibilities for Cameron and Milam County.

Dateline — Austin

New Proposal For Legislature

By Vern Sanford

AUSTIN — A proposal that would take the monkey off the backs of the legislators who campaigned on a no - sales - tax, no - income - tax platform has been made by one of the State Capitol correspondents.

It is the feeling of many persons in Austin as well as over the state that the public is ready for a definite, long - time tax program, whether it be a sales tax, an income tax or the Governor's proposed payroll tax.

They are convinced that the state has to take some drastic financing steps. And they are ready to foot the bill. Many legislators realize this fact.

Trouble is that a goodly number of them campaigned on a no - sales - tax, no - income - tax platform. Many legislators felt at the time that such was a popular campaign theme; that the public did not want either type of tax; that their resentment to either would be bitter.

It is the opinion of a number of the legislators that the people are far ahead of the lawmakers in this type of thinking; that they understand the problem better than the legislators realize; and that they are willing to face the facts.

But the legislators as a whole are hesitant. They are not sure the people are ready. They are fearful that they will get all the blame.

Richard Morehead of the Austin bureau of the Dallas News suggests that legislators feel the public pulse by ordering a referendum on the April 4 ballot. Voters will be going to the polls anyway to vote for a new U. S. Senator.

Morehead's proposed referendum would point out the state's tax.

need for at least \$100,000,000 a year in new revenue. Each voter would be asked to check which of the three tax proposals he preferred. . . . a payroll tax to be paid equally by employer and employee, a general sales tax or an income tax.

Such a referendum would give the voters a voice in the tax program. . . . an opportunity to express their own preference in the matter. And at the same time it would lift the problem off the shoulders of the legislators.

As Morehead points out, there are other ways to raise money but informed people generally agree that some variation or combination of the three methods outlined herein is going to be passed by the legislature. And by April 4 the voters will have heard many sides of all proposals.

OTHER TAX PLANS ADVOCATED

Lawmakers have proposed numerous methods for raising additional tax money.

Rep. W. W. Glass of Jacksonville suggests a constitutional amendment authorizing a one percent levy on the gross income of all businesses. He estimated it would bring in \$100,000,000 a year.

A 10 per cent tax on the gross receipts of trading stamp firms was suggested by Rep. Henry A. Fletcher of Luling.

A graduated levy on gross income at the wholesale level and on income from personal services - for an estimated \$300,000,000 yearly - was put forward by Rep. Lloyd Guffey of El Campo.

Rep. Marshall O. Bell of San Antonio took the opposite approach by proposing a constitutional amendment that would prohibit either a state income or payroll tax.

BRA Conducts Study Of Water

(Ed note: This is the first of a two part series regarding the quality study of the Brazos River water being conducted by the Brazos River Authority.)

A Texas Board of Water Engineers' report indicates past history may have been speaking some untruths about the saltiness of the Brazos River waters.

The report is a review of the chemical quality of water data collection program in the Brazos River Basin prepared for the Brazos River Authority by the Engineering services of the Texas Board of Water Engineers. The Bra-

zos River Authority is the guiding force of the present study of the quality of the Brazos River water, its pollution by salt and other minerals and of plans for betterment of the waters.

The report indicates that most of the studies of the water quality have been done in the upper reaches of the Brazos where saltstrata have been found and that data of downstream water quality is so meager as to be actually misleading.

John J. Vandertulp, chief engineer for the Texas Water Engineers presented the report to directors of the Brazos River Authority.

The report says "Much has been said about the quality of the Brazos River water. It should be pointed out early in any discussion that many of these reports are misleading and based on misinterpretation of meager data.

"In reviewing the chemical quality data which is available in the Brazos River Basin, it seems apparent that some of this apparent misinformation stems from a few miscellaneous chemical analyses made during extreme low flows when the chemical quality is at its poorest for any stream."

Vandertulp told the BRA as an example the Public Health Service recently asked for a report on the chemical quality of water at the Somerville Reservoir on Yegua Creek and it was found that they had only two measurements that have been made on Yegua Creek. The Yegua is a tributary of the Brazos.

"The Yegua is not bad water," Vandertulp said. "But we could not come up with a positive answer as to how good the water was. With that in mind, we have gone over the data collected and currently being collected and as a result, this report was prepared."

Vandertulp had some definite recommendations regarding the data collection program and urged the Brazos River Authority, as the governing body of the Brazos River waters, to continue heading up the study of the quality of these waters.

Vandertulp indicated that by building additional reservoirs on tributaries of the Brazos River below Whitney Dam and using controlled flows of the waters from these reservoirs that water of quality equal to any stream in the state can be produced.

Treasury Dept. Pays Tribute To Industry

WASHINGTON D. C. — The Treasury Department today paid tribute to American industry for its outstanding support of the Savings Bond Program over the past 20 years.

The salute to business recognized the participation in the Payroll Savings Plan by 45,000 companies, including many of the largest in the country. Under the Plan, employees are enabled to buy bonds on a partial - payment plan through regular payroll deductions.

The Plan is voluntary, with the employee deciding what amount he wants to save each pay period. For low - income workers, the amount saved can be as little as \$1.25 a week. However, of the more than eight million people now buying bonds under the automatic saving plan, the average is about \$20 a month.

"American industry has given the Savings Bond Program its greatest success," William H. Neal, National Director of the Treasury's Savings Bond Program, declared in commenting on the salute to business.

"The 45,000 American companies have sold many billions of dollars in Savings Bonds at no cost to the taxpayer," he continued. "By operating the Payroll Savings Plan, these companies, big and small, are helping to keep our country strong. At the same time, they're helping eight million people save automatically for the things they want. America owes a vote of thanks to these companies for their outstanding contribution to the 20 - year success of the U. S. Savings Bond Program."

LITTLE RIVER PHILOSOPHER

Philosopher Has No Plans For Modernizing Out-Of-Date Farm

I Give You Texas

By Boyce House

Can you remember the days when there were real political speakers? They were held in the daytime, in the inadequate shade of a grove on a blistering day in July. Can't you see, in your mind's eye, the speaker seated on the platform as he waits to be introduced? He was a portly man and wore an alpaca coat. He pried a palm - leaf fan vigorously and, to keep his tanning collar from wilting, he tucked around it a handkerchief which was removed when he began to talk.

On the table was a white pitcher and, of course, a glass - for a speaker spoke for an hour in those days and he spoke with great force so that his brow and bald head glistened with perspiration and his voice grew husky and he shed that alpaca coat; and, in spite of his precautions, his collar wilted.

Present - day political speakers use a microphone and never march up and down the platform or lean over and point a finger in the face of those on the front row - why, they never even stomp one stomp or hit the table with a fist for, if they did, they'd lose their place in the manuscript they are reading from - and chances are they didn't even write the speech themselves.

Back in 1923 or 1930, I ventured into politics, purely involuntarily. You have heard the expression that "the office should seek the man" and that this - or - that candidates was "drafted". Well, I really was.

When I was the editor of the Ranger Times, a primary was held for State and County officers. No one filed for public weigher and so one of the linotype operators launched a write - in campaign (unknown to me) on my behalf, with the result that I received three votes.

Dateline — Washington

Cong. Poage's 1st Assistant Dies

By Cong. W. R. Poage

Many of you never met Clarence Elwell. He only worked in this office about a year - when I first came to Congress - but he installed many of the practices and office procedures which we have continued for a quarter of a century. I like to feel that we have served Central Texas better because of Clarence. He was my friend long before I came to Congress. He came here at my request as my first assistant. He left our office to engage in a very active and successful business. He was one of the most prodigious workers I ever knew. He was a man of keen intelligence but, above all, he was a man of sterling honor and a true and loyal friend. I valued his friendship and his advice up until his untimely death last Tuesday (Jan. 24). Although, for many years, he lived in Dallas and Austin, I feel that the 11th District has lost a good and a fine friend.

On Thursday (Jan. 26) the Secretary of Agriculture held a very well attended conference of agricultural leaders from all over the country. I attended the meeting. Actually, the national farm organizations had restated their historic views. Most of those present indicated their belief that we need higher farm income and that higher supports would be helpful. Of course, there were some who feel that it is better to continue to produce more and ever more, regardless of what it brings. I can't see it that way. I don't see what use it is to spend work and money producing more wheat, more cotton, or more feed that we need, particularly when we know that the more we produce the lower the price is bound to be. I think the new Secretary sees this as I do.

One disappointing feature of the meeting was the reaction of the Washington papers. Secretary Freeman had emphasized the importance of making city people understand the farmer's problems, but the Washington papers only drove home the fact that there was no unity between farm organizations and did not even mention such facts as that city people are buying more and more good food for less and less of their net income, and that farmers are getting less and less of each dollar the consumer spends.

The weather continues terrible. We had another big snow last night, although the Inaugural snow

was still on the ground and it has started snowing again this afternoon.

President Kennedy is coming up to Congress on Monday to deliver a new State of the Union Message in person. This should outline the course of the new Administration on many matters.

New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth traveler that rivals the luxury cars in everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style.

Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds

up to less sway, less jounce, less dip, less dive, less tilt, less noise, less . . . well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. Voila, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

BURKES-HOWARD CHEVROLET CO.

Cameron, Texas

OX 7-2451

Dear editor:
A town friend of mine I hadn't seen in a long time dropped by to see me out here the other day and he got to looking the place over and finally he said, "Why don't you modernize things around here a little? This is 1961 we're living in, not 1932."
Well, I know what year it is, I've got a calendar, that's one of the splendid things about democracy, one man's calendar is just as good as another's and the man with 500 is no better off than the man with only one, but I didn't say anything, just sort of laughed apologetically as though maybe I would, although the truth is this place suits me like it is.
Well, maybe not exactly like it is, but the amount of work it'd take to make it more modern isn't worth the difference.
Moreover, what's modern is so-

meting that's hard to put your finger on. At the very moment you buy a new model, branded 1961 and made only two hours ago, engineers are off in a corner somewhere scheming up a newer model to replace the one you just bought.
Sometimes it seems to me there's no use in getting something new, there'll be something newer out tomorrow.

For example, take refrigerators. I've always contended that a refrigerator, when it manages to maintain a temperature of around 36 degrees, has reached its full purpose, and anything below that is ridiculous. Refrigerators have been doing this for years maintaining the right temperature 24 hours a day, but they're still bringing out new models.

I've got me a refrigerator out here on this Johnson grass farm, but if I bought a new one, it'd be out of date 12 months from now and if you're going to be out of date 12 months, you might as well be out of date 15 or 20 years. An ex - convict is an ex - convict, whether he served one year or twenty - five. My notion is that the time to buy a refrigerator is when you haven't got one or the one you've got plays out.

Some people say this theory is bad for business, that it'd stand in the way of progress and mass production. This is because they don't have enough confidence in business. Business, as I see it, will always manage to sell the consumer a little more than he can pay for, regardless of what bracket he's in. If I ever get through paying for my 1939 tractor, I'm going to buy me a new one.

Yours faithfully,
J. A.

Louisiana Secedes! Southern States Confiscate Additional Federal Forts

BY ROBERT STONEDALE
Cameron Herald Correspondent
BATON ROUGE, Louisiana. Un-
der the gavel of former Gov-
ernor Charles Mouton of St. Lau-
is Parish, the Convention named
Honorable J. T. Wheat of New
Orleans its Secretary, and proce-

ed to the business at hand. It
began with an impressive
speech by Judge Charles Gayaree.
The Fourth of March (sched-
uled date for inauguration of the
abolitionist, Lincoln) is march-
ing upon the citizens like a fiery
steed", the distinguished jurist
said in addressing the delegates.
"Deliberation must give way to
action when barbarians approach
the foot of the Capitol!"
Pierre Soule, late of New Or-
leans, rose and claimed to speak
for the 7000 supporters of Dou-
glas in the State.

McDonald Plumbing Lone Star Beer Lead Cam-Roc Bowlers

Four games separated the top
division teams from the number
one spot in Cam - Roc bowling
league action. McDonald holds
down first place now, with Lone
Star Beer in second.
Charlene Miller rolled the high-
est series, a 473. Annette Mees
rolled 473, and Jody Pernice, 465.
McDonald has a 2,194 team ser-
ies. Acme Sheet Metal, a 2,185
and Rockdale Flower Shop, 2,173.
The high individual game was
bowled by Veda Birkhead with a
202. Charlene Miller got 198, and
Acme Sheet Metal bowled a 776
game. McDonald 773, and Farm
and Ranch, 768.

Annette Mees, Bernie Mayer,
and Marie Ann Laake have the
league's best averages with 155,
130 and 148.
McDonald Plumbing 43½ 28½

ment.

YHS Lists 27 On Honor Roll For 1st Semester

A list of 27 high school stu-
dents has been released by prin-
cipal Gerald Underwood for the
first semester honor roll.
They are:
SENIORS — Helen Reid, Ver-
lene Cochran, Annette Russell, An-
nette Dodd, Mary Kestenbaum,
David Barkemeyer, Dorothy Boe-
cker, Sharon Schneider and Vera
Ferrin.
JUNIORS — Gwen Zawadzke,
LaNelle Russell, Margaret Nance,
James Edwards, Suzanne Lippman,
Martha Mayer, Doris Trdy, Re-
becca Harden, Betty Kestenbaum
and Alice Clark.
SOPHOMORES — Peggy Schil-
ler, Peggy Moseley, Jane Maty-
astik, Carolyn Griswold and Do-
rene Hollas.
FRESHMEN — Jon Zelisko, Ja-
ne Monroe and Carol Ann Crook.
Honor roll for the third six weeks
period is:
SENIORS — Jean Lester, Ver-
lene Cochran, Helen Reid, An-
nette Dodd, Mary Kestenbaum,
David Barkemeyer, Sharon Schnei-
der, Dorothy Boecker, Marilyn
Hughes and eta Perrin.
JUNIORS — Barbara Reynolds
Sandra Miller, Beverly King, Gw-
en Zawadzke, Lanelle Russell, Ma-
garet Nance, James Edwards,
Suzanne Lippman, Martha Meyer,
Doris Trdy, Rebecca Harden, Be-
ty Kestenbaum and Alice Clark.
SOPHOMORES — Peggy Schil-
ler, Peggy Moseley, Jane Maty-
astik, Carolyn Slavik, Carolyn Gri-
swold and Dorene Hollas.
FRESHMEN — Karen Blunt,
Patricia Weathers, James Hugh-
en, Dennis Moraw, Wayne Mor-
aw, Barbara Woodum, Jolene We-
id, Jon Zelisko, Jane Monroe, Ca-
rol Ann Crook and Linda Weems.

Ben Arnold Former Resident Brings California Team To Texas

By Mrs. A. T. Swanzy
Van Sweet and his basketball
team from College of the Pacific
in Stockton, Calif., were at Texas
A & M Sunday and Monday and
played the Aggie team, Monday
night. The next day they went to
Houston to play the University of
Houston. While in Bryan, Van vi-
sited in the home of Mr. and Mrs.
A. G. Sweet and came to Ben
Arnold to visit in the homes of
Mr. and Mrs. Leland Burnett and
William Sweet and in the home of
Mr. and Mrs. Sonny Swanzy and
family.
James Rice of Houston visited
his mother over the weekend.
Bro. Jim Robinson of Waco fill-
ed his regular appointment at the
Baptist Church here Sunday and
was a guest of Mr. and Mrs. L.
A. Swanzy.
Joy Swanzy while recuperating
from her appendectomy took the
chicken pox and is now recuper-
ating from both.
Mr. and Mrs. Roy Garrett and
family of Victoria, Mr. and Mrs.
Bill Sweet and Billy of Nordheim,
Mr. and Mrs. A. G. Sweet and
John of Bryan, Mr. and Mrs. Le-
land Burnett and William Sweet;
Mr. and Mrs. Sonny Swanzy, Don
and Mrs. Leland Burnett attended
the Texas A & M - College of
the Pacific basketball game in the
Aggie gym at A & M Monday
night.
Mr. and Mrs. T. J. Prater and
family of Heidenheimer visited re-
latives here on Sunday.
Mrs. Bethel McKinney was on
the sick list last weekend.

New Farm-To-Market Road To Be Built

AUSTIN — A short - line route
for an extension of Farm to Mar-
ket Road 485 in Milam County
was approved today by the Texas
Highway Commission.
At the request of the County
Commissioners' Court, the road
will be built on new location from
U. S. Highway 190 at Buckholts
south to the road intersection at
Corinth - a 2.2 mile section.
A previous extension authoriza-
tion of FM 485 which was to have
used an existing road (3.2 miles)
proved to be unsatisfactory due
to inability to the Commissioners'
Court of Milam County to secure
the required right of way at a
reasonable cost.

Bowling Proves Number 1 Sport

Bowling is fun!
These three words pretty well
sum up what Cameron's top bow-
lers have to say about this sport,
which currently is sweeping Cam-
eron with the young and old tak-
ing full participation.

Entertainment, relaxation, com-
petition and association with oth-
er people rank as the top reasons
for bowling, according to three
local experts of the game.
Joe Humplik, a bowling veter-
an of twelve years, sponsor of a
Cameron bowling team and an ac-
tive bowler, currently averaging
171 per game, says there is noth-
ing in the world like a few rounds
with the pins to sooth the nerves.

Humplik, along with his entire
family, probably spend more time
at the local newly - installed lanes
than any other small group in
the vicinity. He averages thirty
games a week and his family dou-
bles that amount in a seven day
span.

"Get a ball about so big",
smiles Harlen Mees, indicating w-
th his hand an oversized bowling
ball in answer to advice he would
give a beginner.
One of Cameron's finer young
bowlers, Mees averages 60 - 70
games a week and credits his
165 average to his continuous prac-
tice.

Chatting with the six foot, four
inch 230 pound Mees was a pleas-
ant experience as he exhibited his

hook ball, which has won him
recognition as a top bowler on two
Cameron teams.

"I've been bowling about six
years, strictly for entertainment",
he added. "My highest game was
a 245, about a month and a
half ago."

Gene Goldfarb, another twelve
year bowling veteran rates com-
petition, exercise and love of the
game as his reason for bowling.
Ten or twelve games a week.

Currently averaging 171, Gold-
farb tells beginners, above all else,
seek the advice of a qualified
bowler on the games finer points.
"On of the biggest mistakes of
a young bowler," he points out,
"is the tendency they have to al-
low their front foot to point to
one side when releasing the ball
and in their followthrough."

"The foot must remain straight
for the ball to travel straight, in-
stead of veering to either side of
the lane. Bowling should be taken
serious, he adds, for example, if
a man draws a gun he usually
plans to shoot it. Bowling should
be the same way. If you bowl,
simply bow to bowl."

Humplik warns beginners not to
throw the ball too hard and spend
more time on their approach".
Any strong armed athlete can
throw hard," he says, "It's those
who specialize in their approach
that will be successful."

CAMERON HERALD VIEW ON SPORTS

New talents were uncovered
last Saturday night in the Yoe
High School Gymnasium where
two local women's basketball te-
ams battled it out, the Pitiful
Pearls ending up on the top of
a 14 - 12 count, over the Sad
Sacks.

Laughs galore highlighted the
evening's entertainment for the
crowd present at the March of
Dimes Benefit game.
Double dribbling, hard spills and
making like football players and
running with the ball were com-
mon occasion in the women's con-
test. The second game of the
night was one of a more serious
nature when the Cameron Inde-
pendent Men's team fell to the
Rosebud Men's squad, 74-53.

Fancy shooting on behalf of
Buddy Shipp, Eldon Batte, Jer-
ald Underwood and others, kept
the Cameron fans in high spirits
despite the score.
Superintendent of schools, Earl
Knebel, Yoe High's principal Jer-
ald Underwood, and coaches Billy
"Bermuda" Bates, Wallace "Pro-
fessor" Johnson, Jack "Legs", Lar-
more were all new-comers to the
event, held in Cameron the past
two years against Prof. Women's
teams.

Joe Lee Heitman, Forrest Sapp
and Bobby Williams made up the
rest of the Yoe roster.

With 6 minutes and 20 seconds
left to play in the game, a Rose-
budder dropped his contact lenses
and both squads, led by Coach
Wallace Johnson with an over-sid-
ed broom, scanned the floor of
the gym for 10 minutes.

Roundball Coach Jack Larimore
told us last week that he has
high hopes of finishing second in
the district race, behind Cald-
well, despite the loss of two play-
ers. Thomas Leonard, 5' 11" Jun-
ior and Bobby Griswold, second-
highest Yoemen scorer, dropped
the sport last week.

Carroll Fikes, Yoemen all - dis-
trict halfback, doesn't plan to play
college football, even if offered
a gridiron scholarship, due to a
leg injury sustained the past sea-
son.

The hefty 162 pounder is cur-
rently working with weights and
his track and baseball status re-
mains in doubt until his knee
trouble is straightened out.

Rockdale Takes Win Over Yoemen 52-40 Tuesday

The Rockdale Tigers overtook
the Cameron Yoemen's two point
half - time lead and then added
12 insurance tallies in defeating
the local roundballers, 52 - 40,
Tuesday night at Yoe High gym.
The win was the fourth district
victory recorded for Rockdale. The
loss gave Cameron a 1-4 won-lost
record.

David Barkemeyer, always hot
against the Tigers, accounted for
19 Yoe points, 8 of them in the
first quarter. Tall Jimmy McClar-
en shot good for 8 points, and
Ed Lierman got 6.

Donnie Laurence, specializing in
field shots, hit the basket for 9
points in the first quarter and 11
for the game. Leon Wenzel tall-
ied 15 for the Tigers.

Cameron held a 14 - 13 first
quarter lead, picked up another
point and held a two - point, 23-
21 halftime margin. Rockdale's th-
ird quarter defense was a tight
one, allowing only 2 Cameron tal-
lies, charity tosses Barkemeyer
and Pat Dillon.

Rockdale came back with 15 po-
ints, paced by Daniel Yezak's 6 in
the third frame. The fourth quar-
ter saw the Yoemen score 15 and
Rockdale 16, to wrap up the ball-
game, much to the dismay of
Coach Jack Larimore and his
crew.

In the nights B team action
Rockdale won out 51 - 40.
Dickie Summers was the Tiger
high point man with 17 and Ron-
nie Menn got 12. Billy Hawkes
got 12 and Ronald McWilliams 8,
for the Yoemen.

Mrs. Emma Hauck of Brenham
visited in the home of Mr. and
Mrs. G. C. Sloan Saturday.

Outdoors In Texas

By Vern Sanford
Not everyone fishes. But most
people would like to fish occas-
ionally. Usually the excuse is
"I just don't seem to find the
time."

Recently, over a period of sev-
eral days, I asked everyone I
chatted with — old friends and
new friends — one question: "DO
YOU EVER GO FISHING?"
Answers ranged from "Never"
to "Occasionally" to "I go as
often as I can."

Invariably the person who said
"NEVER" would add, in tones
of wishfulness, "I just don't have
the time." Lots of them seemed
to have a guilty feeling about it. Sorta
like "I know I oughta get out and
away from everything ... once
in awhile ... but I just don't."

Those are the fellows who
need it most. I want to direct
this message especially to them,
because I've been in their position.
I know exactly how they feel
and I know that they need to go
fishing, perhaps more than they
realize.

Usually such persons go "all
out" in anything and everything
they do. They work night and day
on the job. Or they devote 80 per-
cent of their non - sleeping hours
to their work. Or they take on too many committee as-
signments — from the club, or
the church, or the multitude of oth-
er organizations in the home-
town, or the district, sometimes
even the state.

As long as it is fun to do
these things; as long as they ac-
complish them without pushing
themselves too hard; so long as
they are just burning up excess
energy — they are not hurting their
minds or their bodies.

But there comes a time when
everyone needs a little diversion.
The farther the diversion can be
from the routine activities of his
everyday living, the better that
diversion will be for him.

I firmly believe that that is
why fishing is so popular as a
recreation. Another factor, of co-
urse, is that it can be cheap re-
creation. It doesn't have to be
costly.

OJT Sends Students To Prairie View

Prairie View A & M College
has invited the Social Science De-
partment of O. J. Thomas High
School to participate in an edu-
cational conference February 4-6, in
Prairie View.

The conference theme is "Hu-
man Relations in a World of Work".
The central idea of the conference
is that the contemporary world
in which we live is becoming more
complex with its expanding lab-
or force and the increasing in-
tegration of nationalities compos-
ing the labor force.

Mrs. R. V. Selman of the Soc.
Sci. Dept. at OJT has chosen
four students to accompany her
on the trip.

The students are Francis Latti-
more, Constance Kelley and Rose
Marie Wright of Cameron and
Farris Clemons of Rogers. All are
seniors at OJT.

Tie For Top Team In Guys - Dolls League

The Alley - Oops and Flint-
stones lead the Guys and Dolls
Junior Bowling League with 7 to 1
win loss records. Other teams in
the league are the Hot Rods 4
wins, 4 losses; Boo - Boos, 3
wins, 5 losses; Whirly Birds, 2
wins, 6 losses and the Yogis with
a 1 win, 7 loss record.

High team, single game last
week were the Hot Rods with 719.
High individual, single game was
Bret Shumate. The Hot Rods held
the high team 3 game score,
1955 and Bob Dymke was high
individual, 3 games, with 488.

Usually there's a place to fish
that is not much farther away
than the golf course. One does
not have to wear fancy duds.
That helps budget a great deal.
He can rent a boat, if one is
needed. Also a motor. So he does-
n't necessarily have to buy ei-
ther.

He can purchase as bait a can
of worms, or two dozen minnows,
for 50 cents. Artificial lures that
last and last range in price from
35 cents to \$1.50.

He won't lose any more lures
than he will golf balls and most
likely far less. Of course if he's
a dubber like me, and in the rough
most of the time, he might come
out ahead in the golfing game by
finding more balls than he loses.

Anyway, considering everything
fishing is about the cheapest past-
time available.
Of course one can go all out
with fishing gear the same as in
hunting, or golfing or bowling
... in fact any participating spor-
t. One big difference, however is
affords for relaxation. It's the
best tension - reliever ever dis-
covered.

We've participated in most all
sports, at one time or another —
track, tennis, baseball, basketball,
football — to name some of the
more strenuous. We've done our
share of bowling, golfing, swim-
ming, even bicycling and motor cy-
cling. You name it and we've done
it, or tried to do it and a good bit
of most of them. But there is
nothing, nay nothing, more relax-
ing to this scribe, than hunting
or fishing ... and especially the
latter.

Like most everyone else ... if
we've tried it we want you to
try it ... and our best argu-
ment is that IT'S GOOD FOR
YOU.

Unfortunately the fellows who
need relaxation the most usually
do the smallest amount of it.
Take the doctor, for example,
or the druggist, or the banker,
or the retail merchant, or the
service station manager, or the
executive of any business, firm
or corporation — including the
newspaper publisher. All of them
work under tension every day —
high, nervous tension.

Why?
Because they have the respon-
sibility of serving lots of people
... all kinds of people. They
have greater responsibility than
the average man. There are hun-
dreds of such business men ...
and women, too ... rushing hit-
her and yon, tending their tedious
tasks, selling their services, or
peddling their products.
They need to stop this go —
go — go life of their, long enough
for a change of pace.

Okay. Then what's more relax-
ing than a complete reversal of
activity?
A few hours' angling from the
bank of a quiet stream, or a farm
pond, or in a boat far out on some
coastal bay, is the answer to
the high - tension problem. It will
ease the mind. The exercise that
goes with it will do wonders for
the body.

Surprising as it may seem to
you who may not have tried this
prescription, you'll get more work
done than ever before ... when
you return to your job.
So, don't kid yourself into think-
ing that you can't afford the time
off to go fishing. It just could
be that you can't afford not to
do so.

THE STATE OF TEXAS COUNTY OF MILAM

To All Banking Corporations, Associations, Or Individual Bankers in Milam County, Texas:

You will take notice that the Commissioners Court of Milam County, Texas, will, on the 13th day of February, 1961, at 10:00 o'clock A. M. at the Commissioners' Courtroom at the Courthouse in Cameron, Texas, select and enter into a contract with a banking corporation, association or individual banker in Milam County, Texas, for the depositing of the public funds of such County in such bank or banks in accordance with the provisions of Articles 2544 et seq. Vernon's Annotated Texas Statutes.

Any banking corporation, association or individual banker in such county desiring to be designated as county depository shall make and deliver to the County Judge an application applying for such funds and said application shall state the amount of paid up capital stock and permanent surplus of said bank and there shall be furnished with said application a statement showing the financial condition of said bank at the date of said application which shall be delivered to the County Judge on or before the first day of the term of the Commissioners Court at which the selection of the depositories is to be made.

Said application shall also be accompanied by a certified check for not less than one-half of one per cent of the county's revenue for the preceding year as a guarantee of the good faith on the part of said bank, and that if said bank is accepted, as county depository, that it will enter into the bond hereinafter provided.

Don G. Humble
County Judge, Milam County, Texas. 43-4tc

4-H Club Notes

By Pat C. Garner

Milam County Ass't Agent
Milam 4-H Club members will have several Judging Teams this year. 4-H members are trying out for the Poultry, Dairy and Grass Judging teams.

Teams will compete in several contests over the state. The Poultry and Grass Judging teams will compete in Ft. Worth in a contest to be held Saturday, February 4.

Dairy and Poultry team prospective members went to Texas A & M, Saturday, for practice contest.

The District 4-H contest will be held on April 15 at Stephenville. Milam county 4-H members plan to enter several of the other contests in addition to the three judging contests.

4-H members trying out for the various teams are as follows: Poultry - Eugene Glaser, Dwight Fuchs; Junior team - Larry Shenkir, Dennis Jistel, Jimmy Prater, Calvin Shenkir and Don Glaser. Dairy: JoAnn Hollas, LaNell Moraw, and Johnnie Ray Richter. Grass - Roy D. Thomasek, Glen Hughes, Joe Rozner, Warren Hillman and Wayne Hillman.

The county Broiler Show will be held in early May this year. This will be the seventh show since the program started in 1954 with 21 growers. This year we expect to have from 85 - 100 growers.

The broilers will be ordered in February and will arrive about the first of March, at which time they will be distributed to the growers.

The growers are sponsored by local businessmen other individual interested in our youth. Each sponsor contributes \$10. to the program. This amount pays for 50 meat type chickens and two tickets to a chicken barbecue.

The young grower agrees to furnish feed and other facilities

necessary for raising the broilers. The grower further agrees to show his 5 best broilers at the county show. After the show the grower gives his five best broilers to his sponsor and the remaining broilers are his.

This program provides an excellent contribution toward the relationship between our urban and rural people. In addition to better public relations, this program educates our youth in recognizing good broilers, record keeping and management. Awards are given for the heaviest flock and for the best feed conversion.

4-H members interested in this program can obtain further information at the county extension office.

ON COOKING EELS

Eels make great eating -- once you get over the idea that they are kin to snakes.

You'll be won over the first time if you prepare them this way: Skin eel with pliers, then cut into inch - thick chunks (as you slice bread). Fry until meat is flaky and white.

Legend has it that cooked eel meat will turn raw again if laid aside to cool. Experiment proves this to be at least partially true.

SPOTTING DOWNED BIRDS

When you down a bird in brush or high grass and go to the place where you think it fell and it isn't there, drop a white hankerchief at the spot.

Then hunt from there, in circles until you locate your kill. Otherwise, you are apt to wander away from the original area.

Ed Cooper, extension wildlife specialist, says that the commercial bait business offers Texans an opportunity to make a profit.

Today, more than one-half million Texans, or one out of eleven, are over 65 years of age.

CAMERON And MILAM COUNTY General News

Burlington

Mrs. Joe Pagach Improving After Recent Surgery

By Mrs. George Logan

Mrs. Joe Pagach who underwent surgery at Newton Hospital in Cameron has improved and hopes to be home at Burlington soon.

The following members of St. Michael's Catholic Church at Burlington attended a district NCCW meeting at Marak last Sunday p. m.: Mrs. Jake Futschik, Mrs. Ed Olbrick, Mrs. Phil Krause, Mrs. Celia McSherry.

Mr. and Mrs. Phil Krause received word from San Angelo Saturday that a 6 year old grandson David Erms had had a bad injury on his hand from glass. He is at home now but his arm and hand are in a cast and will be for several days. He is the son of Mr. and Mrs. Philip Erms who formerly lived around Cameron and Burlington.

Mrs. Henry Litzman entertained the 42 club at her home Tuesday. Mrs. Ben Fox and Mrs. Celia McSherry were in Temple on business Tuesday.

Father Ed Geiser of Tours visited relatives here recently.

Mr. and Mrs. Leonard Doskocil and David and Diane were guests of Mr. and Mrs. H. Lorenz and Betty Thursday night.

The following of the children and grand children of Mr. and Mrs. Fritz Wied were the guests at the Wied home Sunday. Mr. and Mrs. Irvin Wied and family of Cameron, Mr. and Mrs. J. C. Hargrove and children of Rosebud Mr. and Mrs. Elgin Hensel and family of Rosebud, Mr. and Mrs. Joe O'Neill and family of Waco, Lt. and Mrs. Stanley Wied of Big Springs. Others who were invited to the Wied home were Mrs. Irvin Wied's mother, Mrs. Heber of Cameron and Mr. Joe O'Neill's father Leo O'Neill of Cameron. Mr. and Mrs. Dan Prescott and daughter Darlene of Waco were guests of Mr. and Mrs. Terrell Prescott and Billie and J. T. last Sunday.

Relatives here have reported as to the condition of John McAttee who was very ill in a Cameron hospital. He is now in a Rest Home in Temple and his condition has improved a little.

Don Heugatter and Eldon Schoenhof of Burlington and C. F. Prescott of Rosebud went rabbit hunting Friday. Don got a finger injured badly with a knife and had to have several stitches taken on the hand.

Mr. and Mrs. Elo Buegeler were in Kennedy Friday and Saturday visiting relatives.

Mr. and Mrs. Albert Helpert and family of Dallas were guests of Mr. and Mrs. Ray Schonhoft

1961 Homemaker Of Tomorrow Named At YHS

Doris Annette Dodd has been named the 1961 Betty Crocker Homemaker of Tomorrow at Yoe High School.

Having received the highest score in a written examination on homemaking knowledge and attitude taken by graduating seniors in her school, she becomes a candidate for the state Homemaker will be announced in March.

Each school Homemaker of Tomorrow will receive an award pin, representing the slogan, "Home is Where the Heart Is." The examination papers of school Homemakers of Tomorrow will be entered in competition to name the state's Homemaker of tomorrow.

The testing and judging is conducted by Science Research Associates of Chicago. With a record 402,786 girls in 12,633 of the nation's schools participating this year, the Betty Crocker Search has enrolled more than two million girls in its seven-year history.

Reportable Diseases

Reportable diseases in Milam County for the week ending January 28 according to Dr. T. E. Crump, acting director of the Milam County Health Department were 50 strep throat, 3 chickenpox and one syphilis.

CARE WITH FIRE NECESSARY

Winter woods are dry and easy to catch fire, so take the proper precautions to prevent fire.

Hold burnt matches until cool, then break them. Shred your cigarette butts, as soldiers are taught to do. Douse your campfire thoroughly with water -- then inspect it carefully before leaving.

and Eldon and Albert's mother, Mrs. John Helpert and his brother August.

Arnold Plocek visited friends and relatives here recently.

Mr. Ray Schonhoft and his son Eldon visited their father and grandfather Joe Schonhoft who was ill at his home at Westphalia Wednesday.

Mr. and Mrs. Frank Mazora, Mr. and Mrs. Vance Mawara of Waco visited Mrs. Hattie Benesh here Monday.

Mrs. Walter G. Marek and son Charlie and Mrs. Hattie Benesh of Burlington accompanied by Mrs. Ed Stuessel of Rosebud visited Mr. and Mrs. Ernest Stuessel of Mooreville last Friday.

Mr. and Mrs. Leonard Doskocil and family spent Saturday night with her parents Mr. and Mrs. Herbert Engbrock and Leland. Betty Lorenz was also a visitor in the Engbrock home.

Jones Prairie

New Orleans Guests Spend Weekend Visiting Relatives, Friends Here

Mr. and Mrs. Thomas Yager, and family arrived from New Orleans, La. Sunday for a few days visit with their parents, Mr. and Mrs. E. B. Yager. Other guests in the Yager home over Sunday were their daughter and family, Charles, Bruce and Beth of Seguin.

Mrs. Luther Todd joined by her sister Mrs. J. D. Smaley of Cameron visited friends and relatives in Cleburne and Burison several days this week.

Mr. and Mrs. Julian Burnett had as their guests over Sunday Mrs. Burnett's two sisters, Mrs. Ollie Adams and Mrs. J. W. Doucette of Houston and Mrs. J. D. Martin and Ted.

It's a boy for Mr. and Mrs. Billy Fontaine of Beaumont born Jan. 17 at the Baptist hospital there. He has been named David Lynn and weighed 8 pounds and 9 ounces. The Fontaines have two other boys, Billy Jr., 5 and Jerry 2.

James Fontaine, student of A & M is spending the weekend of the mid term semester with his parents Mr. and Mrs. R. K. Fontaine.

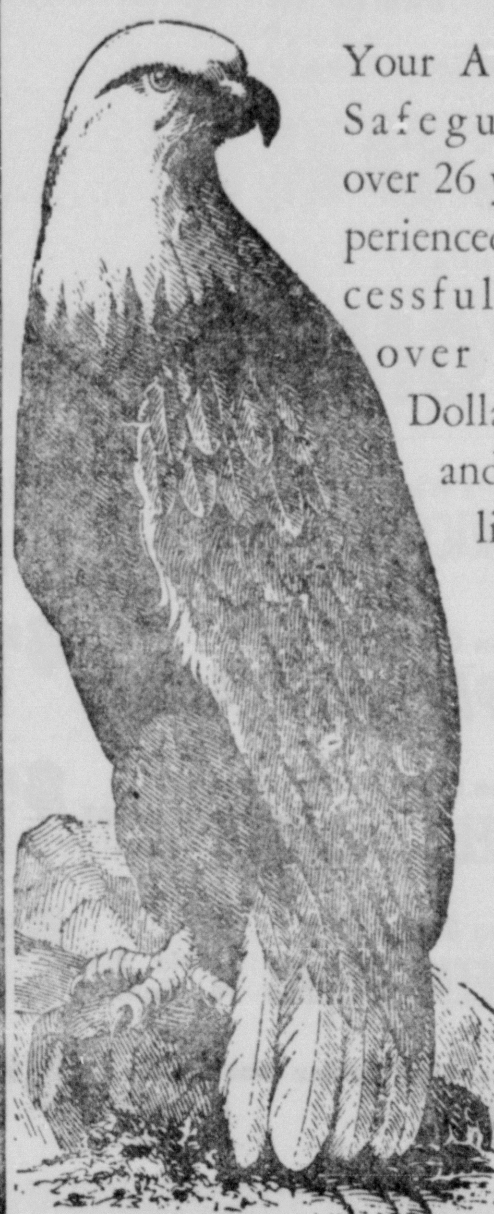

Eddie White also an A & M Student is spending the weeks vacation with his parents Mr. and Mrs. Ed White and grandmother, Mrs. Mattie White.

Mr. and Mrs. W. B. Burnett spent Tuesday with Mrs. Greer Burnett and mother of Marlow.

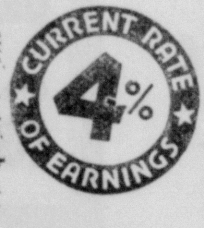

Mr. and Mrs. Kirby Mathews and two children visited Mr. and Mrs. Ben Massengale Saturday. Other guests in the Massengale home Sunday through Monday were Mr. and Mrs. Eldred Massengale of Freeport.

Mr. and Mrs. Clifford Angell attended a Sunday School party for the Young Peoples department of the First Baptist Church of Cameron at the home of Mr. and Mrs. H. M. Yager of Maysfield Thursday evening.
